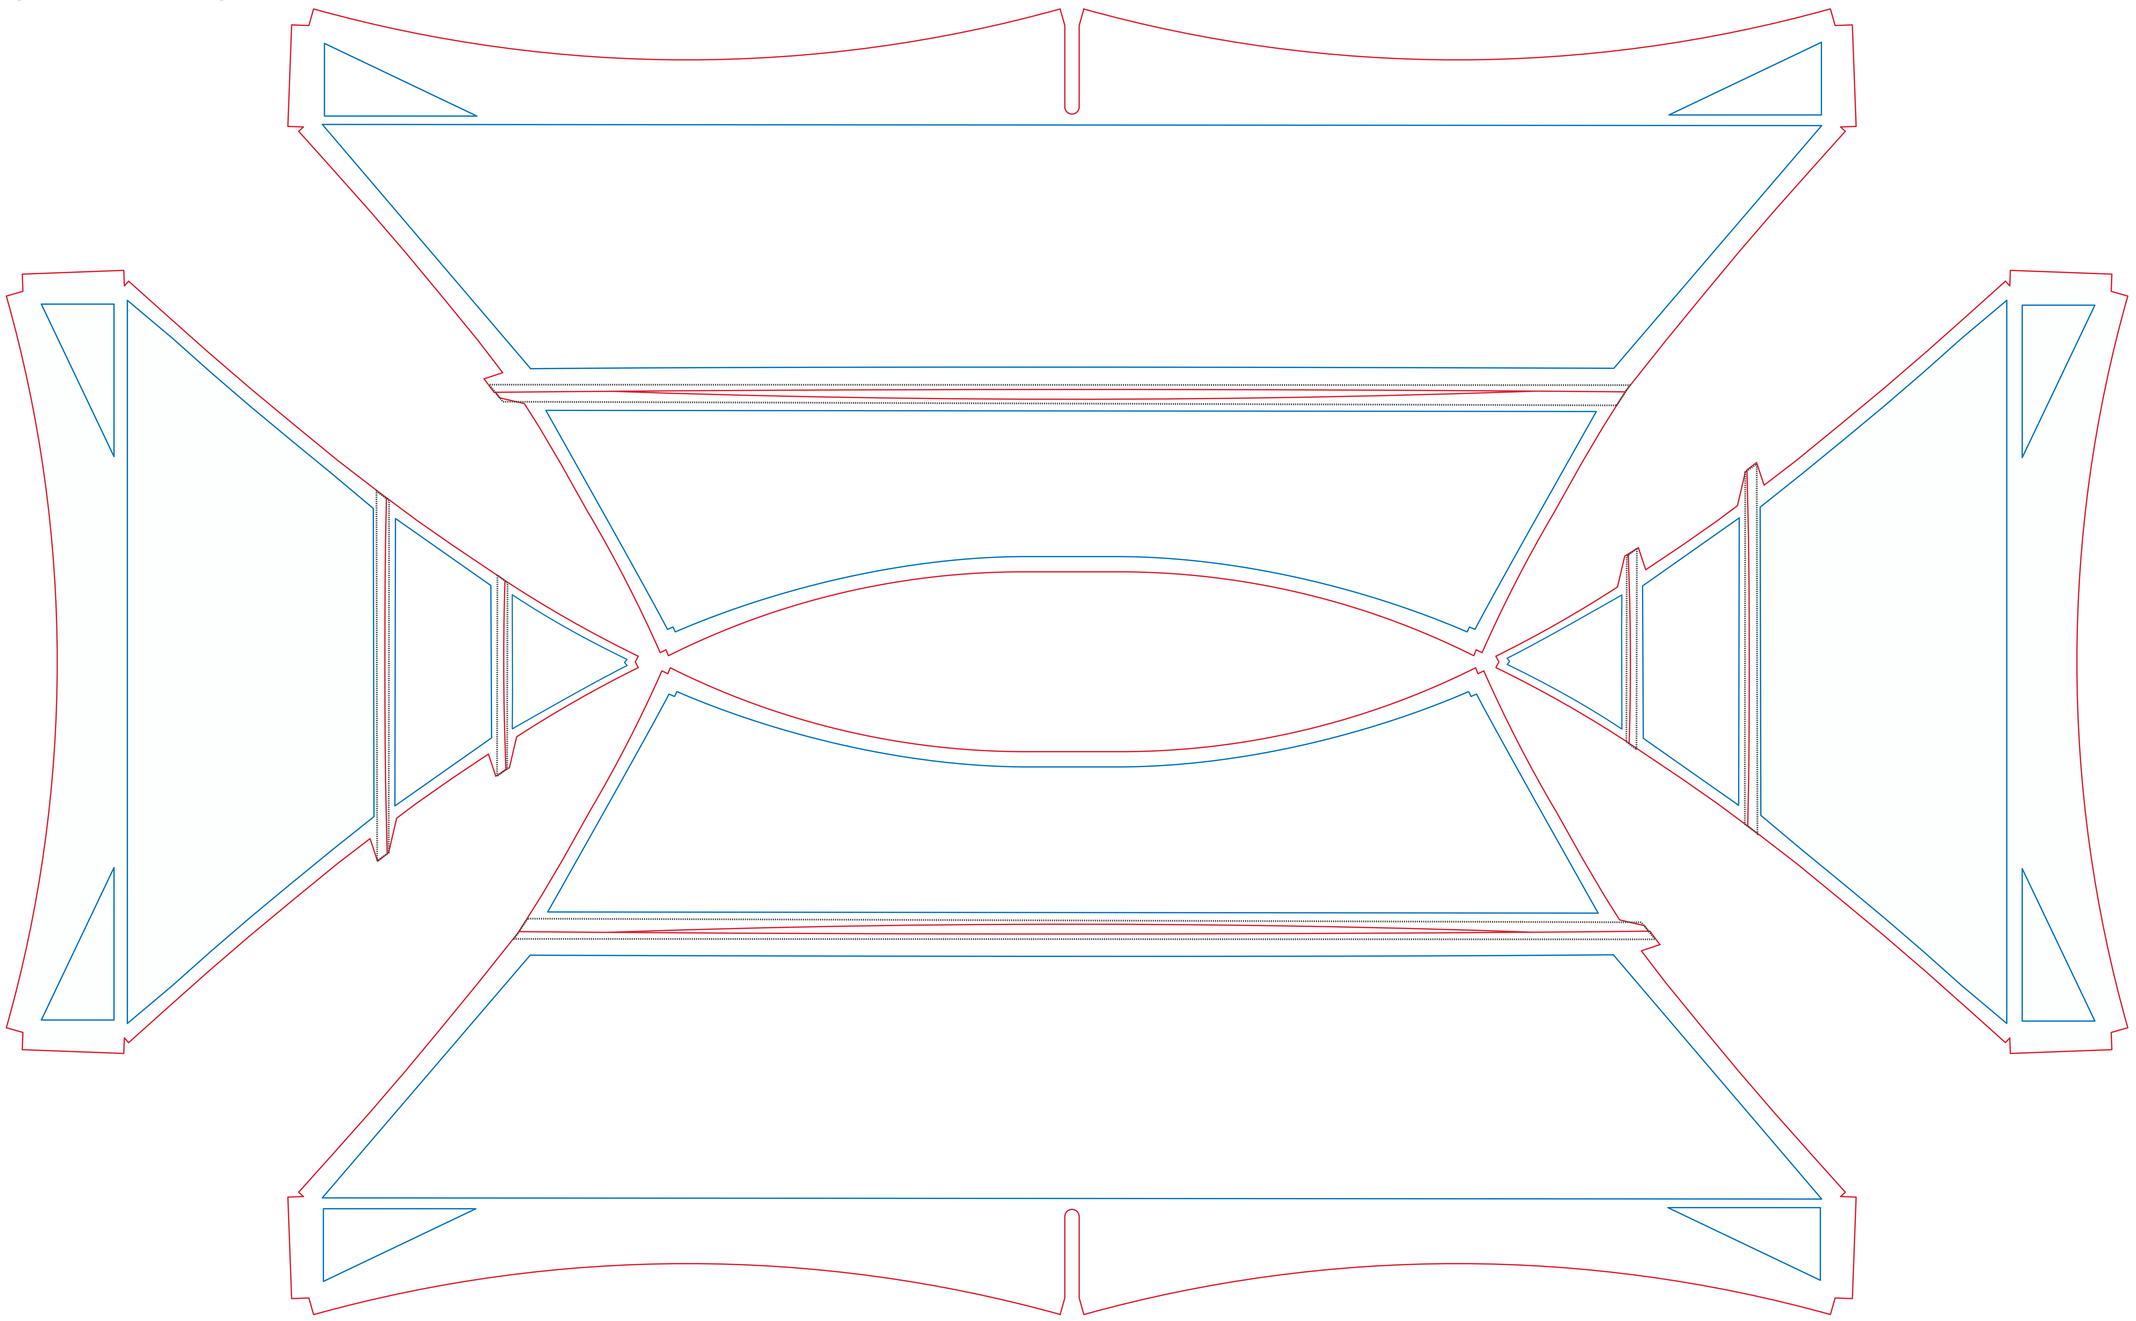
1/2 SCALE: 200% = ACTUAL SIZE



AVOID PLACING ARTWORK THROUGH SEAMS!

Celina Tent Inc. makes every effort to ensure our customers receive high quality graphics/printing. Logo/text/graphic matching can be difficult at times on this style of tent. As a result may be a slight variation in seams as a result of the pinnacle’s round shape and manufacturing process. The variation is minimal when the tent has been erected. I have read and accept.
